UNIVERSITY OF CALABAR

- BSc. Computer Science

2018 - 2019
CYBER WORLD INSTITUTE

- Diploma Computer Engineering

WORK EXPERIENCE

Linco Tyres

3 MONTHS CONTRACT

Software Developer

- Developed and implemented an inventory management system for Linco Tyres, optimizing stock tracking and streamlining operations, which led to a 20% improvement in inventory accuracy and a 15% reduction in stock discrepancies within the first year.

School Management System (School Project)

2020

Software Developer

- Developed and deployed a school management system during Covid19 lockdown, enabling smooth online operations for student enrollment, and academic record management.
- The system facilitated communication between teachers, students, and parents, ensuring automated report generation, significantly improving administrative efficiency.

Lifting Hands Advancement Initiative (NGO)

2023

WordPress

- Managed and maintained the website for Lifting Hands Advancement Initiative, an NGO focused on youth empowerment, using WordPress.
- Enhanced the site's functionality and user experience by optimizing content, improving navigation, and implementing SEO strategies, which increased visitor engagement and amplified the organization's online presence to support its mission.
